

Every year, WineWorks holds a Sweepstake for guessing the number of tons harvested in the coming vintage. This year we saw a record number of entrants (200), and the results are just out. Last year, Vintage 19, we harvested 413,000 tons, however this year the total has rocketed 11% to 457,000 tons! An extraordinary vintage in most regions, this harvest almost perfectly matches what we are likely to sell this year. Spot on with this entry in the sweepstake was Nigel Avery, of Booster's Sileni winery, and he will be presented with a crisp shiny \$50 note!
