

Who guessed where in the industry sweepstake

It looks as though there are a few pessimists out there - and with good reason! What, with the flowering all over the place and continuing dry conditions, it looks like it can only get worse. Entries below range from the fabulously pessimistic Beth Forrest, to the rose-tinted overconfidence of Karen at Urlar (things must be good in the Wairarapa!), the spread of guesses has never been so skewed towards the bottom. Stand by for the NZ Winegrowers announcement in June, and ponder how you are going to spend the crinkly winnings of a \$100 note after Tim's visit in July!
